

Hard Surface Tool

For Use With The Rally 1200

The **Hard Surface Tool** from NSS is engineered for easy operation and decreased operator fatigue with a lightweight, ergonomic design. Dual spray jets on a rotating bar deliver up to 1200 psi of unmatched cleaning power at 2.2 gallons per minute for deep cleaning of porous and uneven surfaces. The 2" vacuum tube lets you easily connect to a Rally 1200, and the brushed stainless steel frame provides excellent durability for the demanding cleaning environments.

- Brushed stainless steel
- Ergonomic handle grips with trigger handle
- Quick-Release tabs on the brush ring allow for easy installation and replacement. Nylon ring (to clean grouted floors) and brush ring (to clean tile floors) are included.
- 2" vacuum connection for truckmount applications
- Only 12 lbs.
- Spinning head with dual spray jets, 1400 RPM
- 1200 psi, 2.2 gpm
- Water temperature capacity up to 230° F
