

Stallion 12 SC

Self-Contained Carpet Extractor

Where productivity is the bottom line, the Stallion 12 SC cleans carpet quickly and efficiently. Top quality construction, remarkable ease of operation, and versatility combine for a machine that consistently outperforms the competition.

- The high-speed brush motor and brush guarantee powerful agitation to release deeply embedded soil and grit, extending carpet life.
- Large wheels, adjustable handle, and lightweight construction team up for easy handling and storage.
- A low-flow switch allows water conservation (about 38 percent less water is used) while keeping solution flow at the same great cleaning pressure.
- Four-wheel design for balance and reduced turning radius.
- Patented dual lift-off recovery buckets provide quick and convenient emptying.
- The brush system utilizes fully sealed stainless steel ball bearings for years of trouble-free operation.
- Maintenance is a breeze—just remove two screws and open up the clamshell design body for quick internal access.

Stallion 12 SC Specifications

Tanks

Solution	12 gal (45.5 l)
Recovery	Dual 6 gal (45.5 l total)

Solution Pump

100 PSI bypass	
Type	Diaphragm type
Watts	115 (110V) - 126.5 (230V)

Vacuum Motors

Type	Dual, 2-stage tangential
Voltage	110-120V, 220-240V available
HP	3.5 HP (2.7 kilowatts)
CFM	200
Water Lift	76-in

Current 120V - 15 amps, 240V - 8 amps

Brush Motor

Type	Permanent magnet
Voltage	110V - 120V or 220V - 240V
HP	0.167 HP
RPM	2,100

Construction

Tanks	Rotocast polyethylene
Frame	Painted steel
Wheels	Four 8-in (20 cm) non-marking grey tread
Spray Jets	2 Brass
Vacuum Shoe	18-in (46 cm) corrosive-resistant cast aluminum

Brush

Type	15.25 (39 cm) nylon bristle, Chevron design
RPM	2,100
Bearings	Sealed; stainless steel

Sound Level 77 dBA

Cord

Size	12-3 SJTW safety yellow with molded plug
Length	50 ft (15 m)

Accessory Valve Quick-connect attachment; automatic valve actuated

Dimensions

Height	38 in (96.5)
Length	48 in (122 cm)
Width	19 in (48 cm)

Weight

Machine	120 lbs (54.5 kg)
Shipping	136 lbs (62 kg)

Shipping Class 125

Warranty 3 year limited, 10 year poly parts

Productivity 1,926 sq ft per hour (179 sq m per hour)

- 1 The clearview recovery tank top allows the operator to easily see when the tanks need to be emptied.
- 2 Patented dual lift-off recovery buckets provide quick and convenient emptying.
- 3 The vacuum shoe covers an 18-in wide path.
- 4 Two brass spray jets provide a powerful blast of cleaning solution over the full width of the cleaning head.
- 5 Dual transport wheels allow easy transport and easy forward movement before each pull-back cleaning pass.
- 6 A low-flow solution switch on the Stallion 12 SC allows the operator to use less water at the same PSI, conserving water without sacrificing cleaning power.
- 7 The heavy-duty 12 ga cord, in safety yellow, provides trouble-free service, and a 50-ft reach.
- 8 Convenient fingertip controls make it easy to activate the pump, vacuum motor, and brush.

The low-flow solution switch allows about 38% less water to be used, conserving a valuable natural resource.

The ergonomic handle and wheel carriage help prevent back strain when pushing machine forward before each pull-back cleaning stroke.

The dual recovery tanks are easy to empty into any toilet or sink, eliminating potentially harmful bending.
