20 GALLON BATTERY-POWERED DUAL SPRAYER

OPTI-MIST 20B

The Opti-Mist™ 20B is the ultimate in spot spraying or wide-area spraying in large buildings where productivity is a must. The operator has the choice of using the hand sprayer or switching to the adjustable spray bar below to make quick work of floor spraying. This dual sprayer (patent pending) provides a consistent, controlled mist.

- The hand sprayer comes with a 25' coiled hose for efficient flexibility. The operator can spray inside a room without having to maneuver the machine through the door.
- The spray bar adjusts in width to spray mist on the floor in a path ranging from 22 to 84 inches.
- The Opti-Mist 20B's high capacity 20-gallon tank holds enough solution to spray up to 60,000 square feet per tank.
- The Opti-Mist 20B's battery pack allows up to ten hours of run time and lets your staff quickly apply chemicals to surfaces anywhere, without the hassle of cords.

PATENT PENDING

If using the Opti-Mist 20B with a disinfectant, be sure to follow the chemical manufacturer's instructions regarding application, dilution, coverage and dwell time.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.
