

NSS Enterprises, Inc.

THREE-SPEED CARPET DRYER

AERO PLUS

The three-speed Aero Plus Carpet Dryer from NSS Enterprises accelerates carpet drying time by as much as 50 percent. While carpet extractors remove most of the moisture they put down during cleaning, carpets may still be too damp for immediate traffic. That's where the Aero Plus can help.

- Aero Plus, with its three speeds, moves large volumes of air across the floor, accelerating drying and reducing the time any area is out of service.
- Adjustable to four positions, the Aero Plus allows you to direct the airflow exactly where you want it. The dryer is so versatile it can be used to dry carpeting, bare floors, floor finish, upholstered furniture and even ceilings.
- Stackable, it can be used in tandem with other units to further decrease drying time.
- The Aero Plus' sturdy rotomolded polyethylene housing features a convenient, balanced handle that makes transport easy.

DO NO HARM™

Quick and effective drying of carpet prevents the growth of mold and mildew. Add the wheel and handle kit for ergonomic transportation to the job site.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

SPECIFICATIONS

AERO PLUS

Input Voltage	100-125V,60Hz or 220-240V,50/60Hz
Motor	
Type	Capacitor start/induction run
HP	0.5 HP (370 Watts)
Current	5.8 Amps at 120V, 3.3 Amps at 240V
CFM	High - 1300 CFM (36.8 m ³) Medium - 850 CFM (24 m ³) Low - 700 CFM (19.8 m ³)
Construction	
Body	Rotomolded polyethylene housing
Cord, 120V	34 ft (10.4 m), 18-3 SJT
Cord, 240V	50 ft (15.4 m), H05VV1.5x3 SHUKO
Sound Level	66 dBA
Dimensions	
Length	20 in (50.8 cm)
Width	19 in (48.3 cm)
Height	16.3 in (41.3 cm)
Weight	
Machine	35 lbs (15.9 kg)
Shipping	39.5 lbs (17.9 kg)
Shipping Class	85
Warranty	3 years parts, 1 year labor, 10 years for rotomolded parts
