HIGH SPEED FLOOR BURNISHER

CHARGER 1500

The Charger 1500 is a signature machine in the NSS® line. This burnisher represents the very definition of versatility. At 1500 RPM, it can burnish, spray buff, and damp strip. An aggressive pad speed and rugged construction enable it to produce that ultra-gloss “wet-look” shine year after year.

- The Charger 1500 features a flexible, built-in pad driver for smooth, balanced and safe operation.
- Built for the rigors of daily commercial use. The Charger 1500 features a cast aluminum base, a 1.5” steel tube handle, and a heavy-duty metal cord strain relief.
- The ergonomically designed handle is angled at 10 degrees, the optimum amount for comfortable use.
- Optional wheel carriage allows the Charger 1500 to be easily transported on stairs.
- The handle is removable for compact storage and transportation

DO NO HARM™

The Charger 1500 can be used to burnish, spray buff and damp strip. Repair and restore worn floor finish in high traffic areas without using chemicals to strip the entire area.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

SPECIFICATIONS

CHARGER 1500

Pad Speed	1500 RPM
Pad Size	20 in (51 cm)
Pad Driver	19 in (48 cm) balanced structural foam
Motor Type	DC Rectified, Permanent Magnet
Frame Size	66
Voltage	115V or 240V
HP	1.5
RPM	3,000
Current	13A at 115V (Typical conditions)
Overload Protection	17.5A at 115V
Drive	Belt and Pulley
Construction	Polished cast aluminum
Wheels	5" (13 cm) non-marking rubber
Handle	Removable 1.5" steel tube
Sound Level	64 dBA
Safety Switch	Mechanical lock-out switch
Cord Length	75 ft (15 m)
Cord Type	14-3 ST (Extra hard indoor use rated)
Dimensions L x W x H	29 x 20.5 x 38 inches 73 x 52 x 96 cm
Machine Weight	98 lbs (44 kg)
Shipping Weight	120 lbs (54 kg)
Shipping Class	125
Warranty	7 years parts
Productivity	9,545 ft ² /hr (887 m ² /hr)

1. Mechanical lock-out prevents accidental starts and unauthorized use.
2. Circuit breaker protects the machine from overloads. Reduces downtime caused by tripping building breakers.
3. Ergonomically positioned hand grips for reduced fatigue.
4. Virtually indestructible polished cast-aluminum base is offset for under counter burnishing
5. Non-marking bumper protects walls and baseboards.
6. Balanced structural foam pad driver for smooth operation.
7. Optional wheel carriage for easy transport

OPTIONS AND ACCESSORIES

ECOSTRIP

Ecostrip 400 pads are coated with a specially formulated diamond abrasive that can remove layers of floor finish without stripping chemicals.

Ecostrip Buff pads have a fine 8500 grit diamond coating that brings back the shine after scrubbing. Perfect for high traffic areas and restoration work.
