CORDLESS BACKPACK VACUUM

OUTLAW PB

For unrivaled productivity, the Outlaw PB battery-powered vacuum has the runtime, features and performance to supercharge your cleaning program. The enhanced mobility of this cordless design make this backpack ideal for spot vacuuming large buildings—offices, healthcare facilities, classrooms, and conference areas.

- Unparalleled productivity. The light weight wand and instant-on trigger design let you cover the largest possible area with a single charge. Spot vacuum up to 30,000 square feet per hour.
- Fast charging. The Outlaw PB's batteries charge fast enough to allow nearly continuous spot cleaning.
- Vacuum anywhere. Stairwells, elevators and other areas without power are no problem with the Outlaw PB.

Reduce risk. The quiet, cordless Outlaw PB allows cleaning in occupied areas, without creating a tripping hazard caused by a power cord.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

SPECIFICATIONS

OUTLAW PB

Cleaning Path	10" (25.4 cm)
Vacuum Motor	
Voltage	24V
HP	0.5 HP (370 W)
CFM	70 CFM (33 L/s)
Water Lift	44 inches (112 cm)
Filtration	
Capacity	6.4 quarts (6.0 L)
Efficiency (HEPA)	99.7% @ 0.5 microns
Description	Bag-less 3-stage filtration system
Charger Input Voltage	100-240V 50/60 Hz
Batteries	Two NiMH, 12V, 9.5 AH
Charging Time	
60%, 60 minutes	
90%, 90 minutes	
100%, 2 hours	
Runtime	
Spot Cleaning	60 to 90 minutes
Continuous Operation	30 to 35 minutes
Sound Level	65 dBA
Dimensions	
L x W x H	25 x 12 x 12 inches 64 x 30 x 30 cm
Weight	
Machine with batteries	20 lbs (9 kg)
Shipping (Two batteries)	40 lbs (18 kg)
Shipping (Four batteries)	48 lbs (22 kg)
Productivity	
Spot Cleaning	30,000 ft ² /hr (2,787 m ² /hr)
Warranty	3 years parts, 1 years labor

1. The exhaust vent at the top directs air away from the operator and prevents blowing papers off of desks.
2. The adjustable, padded backpack harness assures a comfortable fit for all body shapes and sizes.
3. The intake at the bottom means power is used to efficiently collect debris, lifting it no higher than needed.
4. An intake on either side of the machine allows for left handed or right handed use.
5. The instant trigger on the handle allows operators to only turn on the vacuum when needed. Efficient use of power promotes run time and maximum productivity.
6. The wand is telescoping, allowing adjustment for any size of operator and for special jobs like stairs. The multipurpose hard floor and carpet tool, a round brush, and a crevice tool are all standard.

OPTIONS AND ACCESSORIES

Attach the Outlaw PB to a standard garbage can and dolly to create a mobile trash-pulling/spot-vacuuming machine. Supply your own garbage can and purchase the two mounting hooks (#6990781) and an accessory skirt (#6990791) from NSS.

More power! The Outlaw PB's battery charger can charge up to four batteries at once. Purchase extra batteries to match your demand. Batteries reach a 90% charge in 90 minutes, so you can have almost continuous spot cleaning, if that's what you need.
