22" SELF-CONTAINED CARPET EXTRACTOR

PONY 20 SCA

Big jobs require big machines. Boost productivity with the Pony 20 SCA. Extract up to four times faster than a tank extractor. The self-propelled Pony 20 SCA helps your staff stay productive longer, an essential feature for large jobs.

- The Pony 20 SCA is designed for large extraction jobs. A built in pump sprayer can be used to pretreat high-traffic areas and the 20 gallon tank provides plenty of clean solution between refills.
- More than just a carpet extractor. Add tools and hoses to the Pony 20 to extend its capabilities to include cleaning upholstery and stairs.
- Easy maintenance. The Pony 20's spray bar can be quickly disconnected and cleaned. Moreover, the Pony 20's body is hinged and can tilt forward allowing access to internal components.

DO NO HARM™

The Pony 20 makes carpet cleaning efficient and helps you extend the life of your carpet. Clean carpet helps limit allergen exposure, keeping building occupants happier and healthier.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

Dimensions	
L x W x H	47 x 24 x 41 inches 119 x 60 x 104 cm
Weight	
Machine	165 lbs (73 kg)
Shipping	204 lbs (93 kg)
Warranty	3 years parts, 10 years on tanks.
Productivity	4,183 ft ² /hr (389 m ² /hr)

1. A clear dome lets the operator view the results to make sure everything is working.
2. A float mechanism protects the vacuum motor when the recovery tank is full.
3. Durable 20 gallon tanks won't rust or corrode and have a 10 year warranty.
4. The built in spray wand lets your staff pretreat high traffic areas.
5. The tank-over-tank design keeps the machine well balanced from start to finish.
6. The spray bar can be removed and cleaned without tools.
7. The non-marking guide wheel lets the operator extract carpet right up to the wall.
8. The spring loaded brush head is offset to the right to allow cleaning right up to the wall.
9. The cast aluminum shoe floats on the carpet to ensure maximum coverage of the scrub path.

OPTIONS AND ACCESSORIES

4" Upholstery Tool. Clean furniture and curtains with this specially designed tool. The squared off base allows you to create a good seal with the cushion, pulling the dirt off furniture.

30" Stair Tool. This special single-jet wand is built for cleaning stairs. The shortened wand lets your staff stand a few steps below the working surface without bending over too far.

Hydroglide 2. This next-generation carpet wand uses a durable Delrin glide to reduce drag for smooth operation on any carpet. The rugged polyethylene wand head with tear-drop design efficiently collects dirty water. The wand is manufactured with 1.5" aircraft aluminum alloy tubing and only weighs 6.4 pounds.
