27-INCH BATTERY-POWERED SWEEPER

SIDEWINDER 27 MB

The easy-to-use Sidewinder 27 MB battery-powered sweeper picks up everything from fine dust to large debris in a single pass. Lower labor costs by sweeping up to 15,500 square feet per hour on carpet and hard floors, indoors or outside.

- Clean up against walls and curbs with the 15-inch side broom that sweeps debris towards the dual counter-rotating main brooms.
- Exceptional Dust Control. The Sidewinder 27 MB's vacuum fan pulls small debris into the filtration system. A manual shaker knocks debris down into the hopper keeping the filters working longer.
- Easy to Maintain. The top opens to allow full access to the batteries. With the debris bin removed, replacing the filters is a quick process that does not require any tools.

DO NO HARM™

A vacuum fan and efficient filter make the Sidewinder 27 MB an exceptional choice to remove fine dust and improve indoor air quality from hard surfaces and carpet.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

SPECIFICATIONS

SIDEWINDER 27 MB

Cleaning Path	27 inches (70 cm)
Main Broom	Dual counter-rotating, 20 inches (52 cm)
Side Broom	15 inches (38 cm)
Debris Capacity	11.3 gallons (43 L)
Brush Motor	0.4 HP (300 Watts)
Vacuum Fan	9 inch (23 cm)
Filtration	
Number of Filters	1
Surface Area	24.2 ft ² (2.25 m ²) total
Material	Cellulose (Polyester available)
Shaker	Manual Shaker
Wheels	Front Caster: 4.9 in (12 cm) Rear Wheels, 2 x 8 in (20 cm) Non-marking rubber
Batteries	1 x 12V, 145 AH Wet Batteries
Run Time	Up to 3.0 hours
Sound Level	67 dBA
Dimensions	
L x W x H	49 x 27 x 39 inches 124 x 68 x 99 cm
Weight	
Machine	165 lbs (75 kg)
Shipping	186 lbs (85 kg)
Shipping Class	100
Warranty	1 years parts, 1 year labor
Productivity	
Practical	15,500 ft ² /hr (1,440 m ² /hr)

1. Rubber anti-vibration covering on the handle for comfortable, ergonomic operation.
2. The flip-top battery compartment cover allows for easy access to the batteries, filters, and on-board charger. Charge anywhere, anytime.
3. The rotomolded body and vacuum-formed cover, which resist dents, cracks and corrosion, are mounted to a heavy-duty steel frame.
4. The manual shaker knob easily dislodges dust from the filter, dropping fine particles into the hopper.
5. Simple to use. A single on/off switch is the only control on the Sidewinder 27 MB.
6. A side knob allows the operator to bypass the filter so water-soaked debris will not cause damage.
7. The adjustable side broom sweeps debris away from walls and curbs and into the pick-up path of the main brushes.
