BACKPACK VACUUM

SWIFTVAC 6

The Swiftvac 6 backpack vacuum can help take your vacuum productivity to new levels. Faster than uprights and canister vacuums, backpack vacuums give your staff a faster way to maneuver in tight spaces and around obstacles. This lightweight vacuum is excellent for offices, schools, theaters, auditoriums, and aircraft.

- Improve efficiency. With the Swiftvac 6, your staff can vacuum over twice as much per hour as they can with a 12" upright vacuum.
- Lightweight. Constructed from a unique light-weight polymer, the 10.6-pound Swiftvac 6 helps reduce operator fatigue while vacuuming.
- Less downtime from clogs. The Swiftvac's revolutionary hose continuously widens from the wand to the vacuum intake. Odd shaped debris, like drinking straws, are less likely to get stuck inside the hose.

DO NO HARM™

Improve indoor air quality with regular vacuuming. Remove dust and allergens from carpets making occupants more comfortable.

Printed on Green Seal® certified paper that contains 30% recycled post-consumer fiber.

SPECIFICATIONS

SWIFTVAC 6

Cleaning Path	14.5" (37 cm)
Input Voltage	120V / 60 Hz 120V / 400 Hz (Swiftvac 6 Aviation)
Vacuum Motor	
HP	1.78 HP (1328 W)
Air Flow	152 CFM (71 L/s)
Water Lift	115 inches (292 cm)
Filtration	
Capacity	6.0 quarts (6.1 L)
HEPA Filtration	Yes
Efficiency	99.97% @ 0.3 microns
Description	Stage 1: 99.97% efficient 3-ply micro lined filter bag Stage 2: Cloth filter bag Stage 3: HEPA motor filter Stage 4: Noise reducing air diffuser
Hose	4' 8" Hose with swivel cuff
Tool Kit	54" S-bend aluminum wand 14.5" Scalloped floor tool 14" Nylon floor tool 3" Round brush 5" Upholstery tool 11" Crevice Tool
Cord	50 ft (15.2 m) 16-3 SJT
Sound Level	67 dBA
Dimensions	
L x W x H	22 x 8 x 8 inches 56 x 20 x 20 cm
Weight	
Machine	9.6 lbs (4.35 kg)
Shipping	18.4 lbs (8.4 kg)
Warranty	3 years, 10 years on housing

1. The adjustable intake cap accommodates left or right handed operators.
2. The Swiftvac's revolutionary hose widens from 1.5 inches at the hose cuff to 2 inches at the vacuum intake to reduce clogs. Odd shaped debris, like drinking straws, are less likely to get stuck inside the hose.
3. The top fill debris bag keeps air flowing while the bag fills, improving vacuum performance.
4. Lightweight and strong polymer housing reduces operator fatigue.
5. The adjustable harness is padded at the hips and shoulders, increasing comfort.
6. Complete tool kit includes 54" S-bend aluminum wand, 14" scalloped floor tool, 14" nylon floor brush, 3" round brush, 5" upholstery tool, and 11" crevice tool.
